+380 95 204 4584

Remote / International Advisory

Senior Financial Leader (CPA, CMA) and Lead IT Solution Architect / Product Owner with **25+ years of combined experience** in corporate finance, ERP implementations, and enterprise software engineering.

⚡ **The Hybrid Advantage:** Translating complex accounting standards (IFRS, US GAAP, SOX) directly into scalable BPMN/UML architectures, technical User Stories, and API integrations.

CORE ADVISORY SERVICES

Tier-1 ERP Migration

SAP / Oracle / MS Dynamics 365

- Pre-migration GL/AP/AR data cleanup & validation.
- Functional Specs (BRD/FRD) & BPMN process mapping.
- Target Operating Model & Costing architecture.
- Client-side UAT supervision & vendor oversight.

Fractional CFO & Control

Supply Chain & Multi-Entity

- Cost Accounting, variance analysis & margin optimization.
- Inventory reconciliation & SOX internal controls.
- Multi-currency consolidation & IFRS/US GAAP.
- PMO setup & interim executive leadership.

AI Back-Office Automation

LLM & FinTech Integration

- LLMs for unstructured invoice/document parsing.
- Automated AP/AR & bank transaction matching.
- Custom Python/API middleware for ERPs.
- Airtight audit trail generation for automated workflows.
